COMPANY DATA

At Enviro-Decon Services, we have a proven track record of highly effective environmental remediation & superior service as evidenced by our nearly 5-star ratings on Google, Facebook, and Home Advisor. We have been in business for over 12 years, servicing thousands of residential and commercial clients in West & Central Michigan.

We also offer our clients a do-it-yourself kit that empowers them to remediate as a professional, but at a fraction of the cost.

CURRENT CLIENTS

- BUILDERS
- PROPERTY MANAGEMENT
- APARTMENT COMPLEXES
- REALTORS

CORE COMPETENCIES

Utilizing our unique foaming and fogging technique combined with a biodegradable, non-toxic, and EPA approved product, we provide 99.9999969% remediation of:

- Mold, mold spores, and mycotoxins
- Odors, those resulting from smoke, food, pets, or chemical compounds
- Staining from mold or smoke
- Bacteria & Viruses including Norovirus
- Meth Lab Clean-up

DIFFERENTIATORS

INTEGRITY

We will always do what is best for you. We find the source of the issue and put a remediation plan into writing every time, so you know all the details.

EFFECTIVE

Our product destroys 99.9999969% of all contaminants on surfaces AND in the air, penetrating to kill roots without destroying existing structures.

EARTH FRIENDLY

Our product is proven biodegradable, non-toxic and green, leaving only clean air and a fresh scent behind.

FAST

We accomplish in one day what takes many companies multiple days.

RELIABLE SERVICE

We stand behind our outstanding service with written certification and experience of over 12 years.

AFFORDABLE

Our process saves our time and your resources!

Our DIY kit saves you even more money!
